
THE PROCESS

The Framework

Moving people from curiosity to commitment

Phase 1

Check Interest

Find out if someone is open. Don't prejudge -- just ask.

Phase 2

Good News Call

Connect them with your upline. Let the credibility of the team do the heavy lifting.

Phase 3

PQI -- Pre-Qualifying Interview

Set the stage. Learn about their dreams, frustrations, and openness.

Phase 4

QI 1 -- First Qualifying Interview

Show the plan. Walk them through the business model and the vision.

Phase 5

QI 2 -- Second Qualifying Interview

Follow up, answer questions, address concerns. The fortune is in the follow-up.

"The goal is not to convince -- it's to sort. Find the people who are looking for what you have."
