

TEAM ISI Non-Negotiables

The 5 standards we hold ourselves to

1. 2 Machines -- Volume / Sponsoring

Your business runs on two machines: volume and sponsoring. Both must be running at all times.

2. 3-5 Registrations Per Month

2+ QIs per week gets you here. Consistent plan-showing leads to consistent registrations.

3. 3 Knobs -- Enough Work / Right Work / Right People

If results aren't coming, check the 3 knobs. Adjust until the output matches the vision.

4. Business Intent -- Does Your Prospect Bring a List?

A prospect with real business intent shows up ready. Intent is the filter.

5. Starter Stack -- Launch With Strength

Products in hand, system plugged in, momentum from day one. A weak start leads to a weak business.

"These are the non-negotiables. No exceptions, no excuses."
